## SUMMARY

Recent B.Tech CSE graduate (Fresher) with hands-on experience in developing responsive and dynamic web applications. Proficient in React, Redux, JavaScript, Node.js, Express.js, MongoDB, and full-stack development, including API integration and ensuring seamless user experiences. Eager to contribute to a fast-paced development team and build innovative software solutions.

## EDUCATION

Kashi Institute Of Technology

2022 – 2025

B. Tech - Computer Science and Engineering - CGPA - 7.0

Varanasi, India

Azad Polytechnic Bharthipur, Palhna, Azamgarh

2020

Diploma - Percentage - 70%

Azamgarh, India

S V K P Inter College

2017

Intermediate - Percentage - 79.2%

Ghazipur India

S V K P Inter College

2015

High School - Percentage - 79%

Ghazipur, India

## COURSEWORK / SKILLS

|--------------------------------|-------|--------|-------------------|
| • Data Structures & Algorithms | • C   | • HTML | • Web Development |
|                                | • CSS | • JS   | • TailwindCSS     |

## PROJECTS

**Blog App** | React , Appwrite , Redux Toolkit , Redux , Node.js

DEC 2024

- Built a full-stack blog application using React, Redux Toolkit, Appwrite, and Node.js. Implemented secure authentication, real-time updates, and full CRUD operations. Optimized the UI for responsiveness and performance across devices..
- [Source Code Here](#)

**Currency Exchanger App** | React , Exchange Rate API , Redux , Node.js

OCT 2024

- Developed a real-time currency exchange application. Key features include live data feed integration, robust user input handling, and sophisticated conversion algorithms for accurate and timely exchange rates. The application utilizes external APIs and Redux for efficient state management, ensuring seamless user experience with intuitive navigation and optimized performance.
- [Source Code Here](#)

**Password Generator** | React , React-Router-Dom , TailwindCSS , Node.js

SEPT 2024

- A sleek and responsive password generator built using React and styled with Tailwind CSS. Customize your password length, include numbers, symbols, uppercase, and lowercase letters to generate strong and secure passwords instantly. Designed for efficiency, speed, and ease of use with a modern UI.

## INTERNSHIP

**QSpiders**

15/07/2024 – 30/08/2024

Web Developer

Noida , India

- Completed a 45-day MERN stack internship, built responsive front-end with React.js, developed back-end with Node.js/Express.js, managed MongoDB, integrated RESTful APIs, optimized performance, and collaborated using Git in an Agile environment..

## TECHNICAL SKILLS

Languages: C, JavaScript

Developer Tools: VS Code

Technologies/Frameworks: GitHub, ReactJS, Redux, NodeJS, ExpressJS, MongoDB
